NATIONAL LEAGUE OF POW/MIA FAMILIES REOPENS OFFICE

Today, we are announcing that our headquarters office in the Metropolitan Washington, DC, area will reopen on March 1st, thanks to a very generous anonymous benefactor. "After over 50 years of dedicated efforts to recover as fully as possible Americans missing and unaccounted-for from the Vietnam War, funds simply weren't coming in," according to League Treasurer Bruce Hallberg, from his home in San Jose, CA. His brother, SFC Roger C. Hallberg, 5th Special Forces Group, USA, has been Missing in Action (MIA) in South Vietnam since March 24, 1967.

"Then out of the blue, a patriotic, caring American recognized the importance and impact of our efforts, including accounting for 1,056 previously unreturned Vietnam War Veterans. The fact that this anonymous donor stepped forward so quickly after our January 31st decision to dissolve is a miracle for our small nonprofit," he said, adding "We believe all nations should stand behind those who serve, especially if captured or missing while serving."

The National League of POW/MIA Families, formed May 28, 1970, has worked closely with successive administrations, congressional leaders and directly with senior officials in Vietnam, Laos and Cambodia. The most recent discussions with these countries, and there have been many over the decades, took place late last year. On December 12th, concrete commitments were made by Vietnam's Minister of Public Security To Lam, an individual who has worked for many years with League Chairman of the Board Ann Mills-Griffiths.

Mills-Griffiths, Chairman of the small 501(c)(3) nonprofit, has led the League since 1978 and worked with countless leaders in all three countries and the US. She stated, "The League is very proud of the example our nation has set for the world, including training and ID support to foreign countries, enabling them to recover their own citizens who served. Our post-Vietnam War focus brought state-of-the-art capabilities that now include the Korean War, Cold War and WWII, to recover remains of America's heroes who could not be identified at the time of loss."

Fulfilling Our Nation's Promise
Airman Accounted For From World War II

Feb. 27, 2023

WASHINGTON—The Defense POW/MIA Accounting Agency (DPAA) announced today that U.S. Army Air Forces 2nd Lt. Pharis E. Weekley, 21, of Bradley Junction, Florida, killed during World War II, was accounted for July 12, 2022.

In the summer of 1943, Weekley was assigned to the 329th Bombardment Squadron (Heavy), 93rd Bombardment Group (Heavy), 9th Air Force. On Aug. 1, 1943, the B-24 Liberator aircraft on which Weekley was serving as the navigator was hit by enemy anti-aircraft fire and crashed during Operation TIDAL WAVE, the largest bombing mission against the oil fields and refineries at Ploiesti, north of Bucharest, Romania. His remains were not identified following the war. The remains that could not be identified were buried as Unknowns in the Hero Section of the Civilian and Military Cemetery of Bolovan, Ploiesti, Prahova, Romania.

Following the war, the American Graves Registration Command (AGRC), the organization that searched for and recovered fallen American personnel, disinterred all American remains from the Bolovan Cemetery for identification. The AGRC was unable to identify more than 80 unknowns from Bolovan Cemetery, and those remains were permanently interred at Ardennes American Cemetery and Henri-Chapelle American Cemetery, both in Belgium.

In 2017, DPAA began exhuming unknowns believed to be associated with unaccounted-for airmen from Operation TIDAL WAVE losses. These remains were sent to the DPAA Laboratory at Offutt Air Force Base, Nebraska, for examination and identification.

To identify Weekley's remains, scientists from DPAA used anthropological and dental analysis, as well as circumstantial evidence. Additionally, scientists from the Armed Forces Medical Examiner System used mitochondrial DNA (mtDNA), Y chromosome DNA (Y-STR), and autosomal DNA (auSTR) analysis.

Weekley's name is recorded on the Tablets of the Missing at the Florence American Cemetery, an American Battle Monuments Commission site in Impruneta, Italy, along with others still missing from WWII. A rosette will be placed next to his name to indicate he has been accounted for.

Weekley will be buried in Avon Park, Florida on May 20, 2023.

For family and funeral information, contact the Army Casualty Office at (800) 892-2490.

DPAA is grateful to the American Battle Monuments Commission and to the U.S. Army Regional Mortuary-Europe/Africa for their partnership in this mission.

For additional information on the Defense Department's mission to account for Americans who went missing while serving our country, visit the DPAA website at www.dpaa.mil or find us on social media at www.facebook.com/dodpaa or https://www.linkedin.com/company/defense-pow-mia-accounting-agency.

VVA Launches Campaign Addressing Aging Veterans' Healthcare

(Washington, D.C) – "As of 2022, more than 5 million additional veterans may be eligible to enter the Veteran Health Administration healthcare system because of the *PACT Act*, undoubtedly putting intense stress on an already overtaxed system. The 6.4 million Vietnam-era veterans (median age of 71), make up the largest cohort of veterans in the U.S. As they age, their healthcare needs expand and become more complex," Vietnam Veterans of America National President Jack McManus commented.

"A lack of personal savings for long-term care and a sometimes-fragmented VHA pose significant risk to the health and wellness of these aging veterans. To meet this growing issue for our members, VVA is launching a coordinated campaign addressing aging veterans' healthcare," McManus announced.

"VVA remains deeply invested in ensuring the best possible healthcare for our aging veterans, and to that end we will be advocating on a number of fronts," McManus added. "It is crucial that we not only honor and support our 19 million living veterans, to whom we owe a great debt of gratitude for the freedoms we share as a nation, but also that we care for them as they age, especially those in under-served and rural areas and populations."

The VA Office of Rural Health supports 2.7 million rural veterans, 55 percent of whom are over 65, and 27 percent of whom lack home internet. Conditions more manageable in urban areas are often highly complicated in rural areas. VVA and other VSOs have worked with VHA on expanding Community-Based Outpatient Clinics (CBOCs), thus improving access to care via the Veteran Community Care Program. VVA strongly supports the 5-year expansion of several home- and community-based care programs, begun this year and administered by the Office of Geriatric and Extended Care.

McManus continued: "We know that effective care for all these aging veterans requires VHA implementing dependable, evidence-based care today. Evidence-based programs allow veterans to age-in-place, avoid or delay nursing home placement, and choose the care environment that aligns most with their care needs, preferences, and goals. Veterans using these programs have experienced fewer hospitalizations and emergency department visits, reduced hospital and nursing home days, and fewer nursing home readmissions and inpatient complications."

"Bearing this in mind, VVA will continue zealously advocating for the continuation and expansion of multiple programs geared towards transforming VHA into a comprehensive, age-friendly health system," McManus emphasized. "These programs include the *Program of Comprehensive Assistance for Family Caregivers (PCAFC)* (eligibility expanded in 2022 to veterans of all service eras); *Redefining Elder Care in America Project* (RECAP), a two-part pilot currently underway, aimed at identifying veterans close to nursing home placement and pro-actively working to intervene and extend their time at home; Medical Care Foster Homes; *Veterans Directed Care Program*; and the continuance and expansion of local Vet Centers, community-based counseling centers providing a wide range of social and psychological services."

POW-MIA

"WE WILL NEVER FORGET"

January 1, 2023
Dear Brothers & Sisters,

Welcome to the New Year of 2023. I hope everyone had a Safe, Healthy and Happy New Year! As most of our supporters already know, our final Washington, DC "Ride for Freedom" demonstration run took place in 2019. Rolling Thunder® National and our State Chapters are organizing Memorial Day Weekend 2023 demonstration runs across the United States in different locations. See our website (www.rollingthunder1.com) for information regarding these runs in the state nearest you.

The current administration has not spoken about the POW/MIA issue since taking office in 2020. It seems like it never existed and has been swept under the carpet, along with many other important issues Americans are having to deal with. I can't remember when we had a President in the White House that did not care about the national security and safety of our Country, the American people, our Military and our POW/MIAs. Why do we have a Marine Veteran, Paul H. Whelan arrested in 2018 as a supposed spy being held in a Russia prison and the White House officials exchange a major terrorist for a basket ball player who broke Russian law? Where are the priorities in this Country? What is our great country coming to? Why can't the citizens of this country see what is going on within America. This is about the destruction of America within our borders.

We have had many meetings with our officials in Washington, DC and the state levels through the years to try and help our homeless Veterans problem. We were always told we don't have the funding to help homeless Veterans. Where is the money coming from to support millions of noncitizens coming into our country illegally? Think about what is going on. Free cell phones, clothes, food, lodging, medical and transportation to anywhere in the United States they want to go. This is not the America, the Veterans fought for and that many have died for. America seems to be the land of plenty, but not for the Veterans and American Citizens in need.

Rolling Thunder National, New Jersey will stage Rolling Thunder® XXXV "Ride for Freedom", Sunday, May 28, 2023 Nation Wide at Hunterdon County 4-H Fair Grounds, 1207 Route 179, Lambertville, NJ 08532. See our website (www.rollingthunder1.com) for information. Following a planned route through New Hope, PA past historic Washington Crossing Park the participants will return to the
4-H Fair Grounds for food and music. Weekend events are in the planning. Our Chapters Nation Wide will have events that weekend.

Everyone is welcome! Ride with us for those left behind as POWs/MIAs. Keep the tradition of this patriotic demonstration run going and join us for the "Ride for Freedom" Nationwide Sunday Memorial Day Weekend-Now in New Jersey! Also check out the closest event by you. God Bless our POWs/MIAs, our Troops serving and God Bless America!

Sincerely,

Sgt. Artie Muller
