March 2008

Dear Brothers and Sisters:

I hope everyone is well and getting ready for the warm weather to arrive. To date, the Department of Defense has done nothing in regard to the 28,000 plus veterans that were misdiagnosed with Immature Disability Disorder rather than using the correct medical term PTSD (Post Trauma Stress Disorder). This incorrect diagnosis is an insult to all the military having served or serving in Iraq and Afghanistan. These are combat veterans and this is just a way for the Government to save money on the backs of the veterans who have PTSD related mental problems. More suicides will occur because frustrated veterans are not getting the proper diagnosis and treatment.

As of February 13, 2008, *House Resolution 111 – Select Committee on the POW/MIA Affairs*, has 263 cosponsors. Speaker of the House, Nancy Pelosi is holding up this bill. The Democrats constantly complain that they want control to make government work; well they have control and fumbled the ball! Ms. Pelosi do your job and get this bill in play or get out of office.

A young boy asked his father, "Dad what if all the POW's are dead?" The father said, "Son, what if some are alive?" Many politicians in Washington, DC have blood on their hands for the cover-up, lies and destroying of evidence of live American POW's. These politicians knowingly left live American troops behind after all wars.

We need everyone to help with House Resolution 111. Please email, fax, phone or mail Nancy Pelosi at:
<http://speaker.house.gov/contact>
Fax: 202-225-4188
Phone: 202-225-0100 or 202-225-4965
Office of the Speaker, H232, U.S. Capital, Washington, DC 20515.

We need this done NOW! Those Prisoners of War that were abandoned may still be alive. We want to hear the truth, not more lies or cover-ups.

Your Brother,
Sgt. Artie Muller
